

"Basket" Strainers

OIL & GAS

Horizontal Run with Sloped Basket shown

Fabricated Strainers are available in standard designs as shown and feature the patented *Taper-Lok zero leak seal system. Standard Strainers are designed and built in accordance with ASME B31.1, B31.3, B31.4, B31.8, ASME Code Section VIII, Division 1. Standard Strainers are available in ANSI 150, 300 and 600 pound classes. Standard housing material is carbon steel. Special materials such as 304SS or 316SS can be furnished upon request. Internal coatings or liners are available. Fabricated Strainers can be supplied in any ANSI flange rating and facing, or beveled for welding ends. Custom Strainers can be designed and manufactured to meet your specific requirements.
